RE: Application for Transfer #72318

Dear Water Right Holder:

See enclosed copy of your Water Right 11-4022 as recorded now. Also enclosed is a copy of the Transfer Application No. 72318, from Sam's Hollow. The proposed transfer approval notice also enclosed for review. Based on the GPS map submitted with the transfer application, we made changes to the legal descriptions of the points of diversion. Also the place of use was modified to match the legal descriptions of your map, the outline remained the same. Please review the changes that were made on the proposed transfer approval notice. If you have any concerns regarding these changes, please notify IDWR immediately.

Sincerely,

Dave Carlson
Sr. Water Rights Agent
