Re: City of Mountain Home - Transfer No 72128

Dear Mr. Nelson:

The City of Mountain Home has obtained an additional proposed point of diversion which may be used for the development of water supplies under the proposed water rights 61-2167 and 61-2210 to be transferred. I am enclosing revised pages 1 and 2 of the transfer application showing the addition of one (1) additional proposed well called the School District Well. I am also enclosing a topographic map showing the location of all wells proposed for points of diversion and a revised narrative.

Thank you for accommodating this delay. I assume that processing can now be completed.

Please feel free to call should you need additional information.

Sincerely,

Charles E. Brockway, P.E. PhD.
