

MEMORANDUM

Date: December 19, 2005
To: Transfer 71639
From: Allen Merritt
Re: Recommendation

This transfer application was processed in parallel with state office staff. The application was advertised but protested by BLM because of overlap of PU on their land. The application was amended to remove overlap and protest was resolved. Comments were requested by the watermaster but he did not respond and it is assumed he has no problems or comments. Recommend approval as drafted.
