

MEMORANDUM

DATE: SEPTEMBER 2, 2004
FROM: JUSTIN ALDRIDGE
TO: FILE 47-12067 and 47-12068
RE: Telephone conversation

=====

I spoke with Mary Nunes about her new address and about the above referenced water rights. I told her I would send her a change of address form she could fill out and return. She told me that they had received the deficiency letter I sent them dating July 29, 2004. I told her that we could not process their ownership change because their names were not on the Warranty Deed they submitted with the notice. She said another person handles all of their water issues for them and she would call that person immediately to inform them of what we needed to process the notice.
