Remark: This application covers storage of spring water and shallow ground water in a small pond on the Challis Creek Ranch property. The pond is deep enough to intercept the natural water table, and also collects water from a spring just above the pond. During the irrigation season, the upper 2 feet of the pond fill with runoff from upstream irrigation on the Ranch property; the runoff is then pumped out for irrigation of downstream land. The application covers the water occurring naturally at the pond site. The pond is located north of Challis Creek about 2 1/2 miles above the head of the Highline Canal. Permits will be subject to all prior water rights. For specific details regarding the application, please contact IDWR Southern Regional Office at 208-736-3033 or visit www.idwr.idaho.gov with detail provided under "New Water Right Applications". Protests may be submitted based on the criteria of Sec 42-203A, Idaho Code. Protests against approval must be filed with IDWR, Southern Region, 1341 Fillmore St.-Suite 200; Twin Falls, ID 83301 with a protest fee of \$25.00 for each application on or before December 19, 2005.
