CONDITIONS OF APPROVAL

1. Proof of application of water to beneficial use shall be submitted on or before **October 01, 2008**.
2. Subject to all prior water rights.
3. Prior to diversion of water under this right, the right holder shall install and maintain a measuring device and lockable controlling works of a type acceptable to the Department as part of the diverting works.
4. Use of water under this right will be regulated by a watermaster with responsibility for the distribution of water among appropriators within a water district. At the time of this approval, this water right is within State Water District No. 45F.
5. The rate of diversion for wildlife and water quality improvement purposes authorized by this permit shall be junior and subordinate to all rights to the use of water, other than wildlife and water quality improvement purposes, within the State of Idaho that are initiated later in time than September 8, 2004 and shall not give rise to any right or claim against future rights to the use of water, other than wildlife and water quality improvement purposes, within the State of Idaho initiated later in time than September 8, 2004.
6. Project construction shall commence within one year from the date of permit issuance and shall proceed diligently to completion unless it can be shown to the satisfaction of the Director of the Department of Water Resources that delays were due to circumstances over which the permit holder had no control.

State of Idaho
Department of Water Resources
Permit to Appropriate Water
NO. 45-13852

7. Use of water under this right shall be non-consumptive. At such time in the future as the Director determines necessary to protect the prior rights of other users, the Director may require determination of the rate of loss within the system using a procedure approved by the Director, and may require mitigation for all system losses.
8. The channels, ponds and conveyance works authorized by this permit and any subsequent license shall be constructed and maintained to provide fish passage in Marsh Creek between the lower and upper ends of the proposed project to the satisfaction of the Idaho Department of Fish and Game.
9. The Director retains jurisdiction to require a bypass flow for maintenance of fish, wildlife, riparian and aquatic habitat.

This permit is issued pursuant to the provisions of Section 42-204, Idaho Code. Witness the signature of the Director, affixed at Boise, this 17th day of November, 2005.

FOR KARL J DREHER, Director
