Comment: The point of diversion for this right is in the NWSWSE pursuant to field examiner. However, other rights from this well have been recommended as being diverted in SWSWSE so I am recommending that the point of diversion for this license be shown as SWSE, S6, T9S, R31E. Other rights from this well are: 41-7030, 41-7034, and 41-7081. Rt. 41-7071 is for a smaller well (8 inch & 410 feet) in same 40 acre tract.
