

## MEMORANDUM

**DATE:** July 16, 1997

**TO:** Water Right Files 41-07076 and 41-07081

**FROM:** Shelley W. Keen *SWK*

**RE:** Review of Field Reports

---

Yesterday afternoon attorney Kent Foster called to discuss the licensing of these permits with me. The permit holder, Tim Deeg, wants to be sure that we consider a permissible place of use in order to ensure maximum flexibility to operate his system as he wishes.

I told Mr. Foster that I have not seen the field reports and could not, therefore, predict how the licenses would be issued. However, I also told Mr. Foster that I will be sure that he and Mr. Deeg have an opportunity to view and comment on the draft licenses before they are issued.

When the field reports are received, I would appreciate having the files forwarded to me for review.
