RE: Water Right Permit No. 13-07127

Dear John

The Department of Water Resources is reviewing the permit referenced above prior to issuing a water right license. The examiner who verified the water use reported that you represent Miller Family Real Estate, LLC, the new owner of the land where the water use was established. He also reported that the beneficial use of water established in connection with the permit is different than the permitted water use. Changes that do not increase the authorized use of water under the permit can be requested and approved in accordance with Section 42-211, *Idaho Code*. Before a license can be issued, however, the permit must be amended to depict the water use as it was actually developed.

The enclosed Application for Amendment form depicts the elements of the water right as they will appear on the license when it is issued. Please review the amendment form carefully. If you concur with the information presented, please sign the form and return it with the \$50.00 filing fee within 14 days.

If you have any questions, please call me at 208-287-4947.

Sincerely,
