

Memo to File

To: File Number 74-14215

Date: November 28, 2005

From: Sharla Cox

Please see application, 74-14215. On June 30, 2005, Dave Carlson and I spoke to Dixie Graves about the legal description of the point of diversion. Dixie agreed that she wrote the legal backwards on her application. We forgot to send it back and have her fix it. Since this application went to the State Office and was sent back, I had her fix the application and initial it with the correction. The publication was published correctly.
