RE: Property Split in T08S, R17E, SWNW SEC. 31 - Jerome County

Dear Mr. Brockman:

You recently contacted our office regarding a proposed split of property located in Jerome County. The proposed split would take an existing 38-acre parcel and split it into two parcels. One parcel would be approximately 3 acres in size and the second parcel approximately 35 acres in size. The smaller parcel currently has one office and one shop on it. The larger parcel has two mobile homes and one office on it. There is one existing well and it will be located on the smaller parcel, however both parcels will share the well. You stated that a transfer has been filed with our Department (#72270) that proposes to move a water right (36-8484) to the well, but it has not yet been processed or approved.

Upon review, the Department has no objections to the proposed split of property. If you have any questions, or need any further assistance, feel free to contact this office at your convenience.

Sincerely,

Jeanie Robertson
Sr. Water Resource Agent
