

MEMORANDUM

Date: August 22, 2005
To: Water Right File 37-21464
From: jroberts
Re: Legal Notice Remarks

Application proposes re-circulation of water from an existing pond to create a waterfall at head of pond for aesthetic and wildlife purposes. Location is approximately 2.75 miles North of Ketchum, off Lake Creek Road.

Temp. S of Use: 5/1 → 10/31

3.5 AF / 2.5 AF
(Headgate Reg.) (Cons. Use)

Big Wood Groundwater Man. Area

Moratorium Area

WD 37

Min. Streamflow of 37-^(pd 1-16-86)~~21464~~ 8258

An aerial photograph of a rural landscape with green survey lines overlaid. The lines form a grid of rectangular sections. A road or path runs diagonally from the bottom left towards the center. Two yellow sticky notes are attached to the photo. The top note is in the upper left quadrant, and the bottom note is in the lower left quadrant, pointing to a specific area. The background shows a mix of brownish soil and dark green vegetation.

Hogan prop.

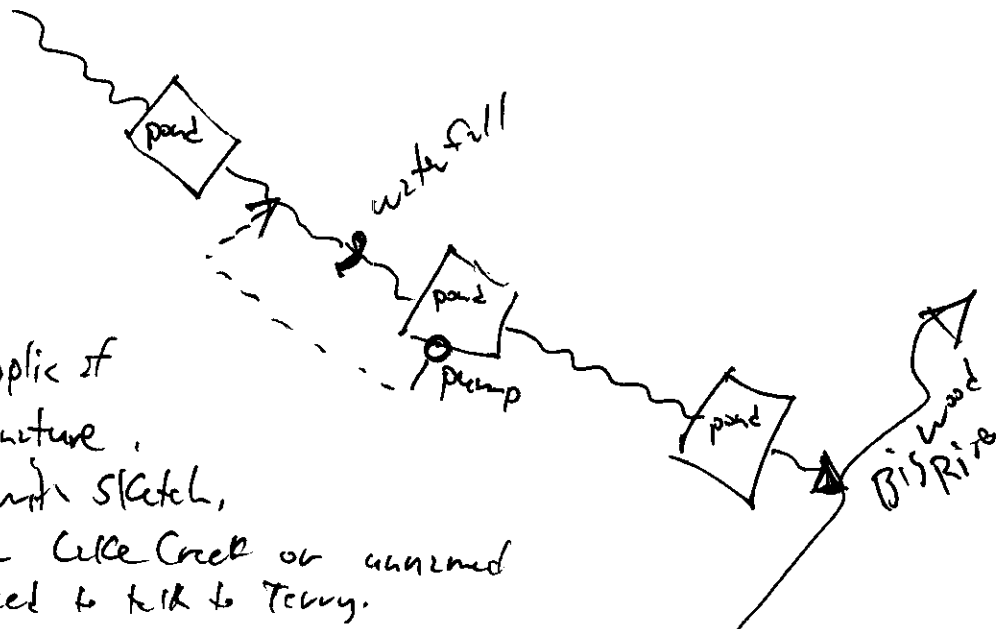

Jerrie,

Mr. Hoggan called and I discussed with him what he wants on L25.

He has a pump in an existing pond on his property that pumps water upstream and dumps water back into a stream that flows over a waterfall then back into the pond where he pumps from. The use is mainly aesthetic & for wildlife.

Normally the stream flows but recently it has dried up over the last few years. There is a pond upstream from his and one downstream from his.

Please connect applic if return for his signature. He will return with sketch. Source is either Little Creek or unnamed stream. May need to talk to Terry.
