Re: Application for Transfer of Water Right No. 63-2627

Dear Mayor Canody:

The above referenced application for transfer to add a check dam to Elk Creek is returned for revisions as noted on the form and in this letter. Please review the enclosed, make any changes if applicable, and return the application to me for processing as soon as possible.

The following revisions, mostly housekeeping details, are warranted.

1. Part 1, item B1 – subsequent to filing the application, the City changed its adjudication record from 63-15422 to 63-2627. The latter record is currently recommended to be decreed in the adjudication. The transfer will act on the most current record, or adjudication recommendation 63-2627 in this case.
2. Part 1, item B2 – total amount of water proposed by the transfer is 0.36 cfs.
3. Part 2, item A6 – total amount in the current record is also 0.36 cfs.
4. Part 2, item A7 – current point of diversion recognized in the adjudication is SENW instead of NENW.
5. Part 3, item A – mark the location of the check dam on the map included as Attachment B to the application. Be sure the marked location agrees with the written description of the ¼ ¼ for the check dam on the front page of the application in Part 1, item B4. Make changes to the latter if necessary.

These revisions will allow the transfer to be processed without delay upon its return. Also enclosed is a copy of the current adjudication recommendation for 63-2627 for your records.

Mayor Phillip J. Canody

Please submit the above requested information within forty five (45) days of the date of this letter. If the information is not timely submitted, the application will be removed from the records of this agency. Thank you for your attention to these matters, and call me at 334-2190 if I can help in any way.

Sincerely,

A handwritten signature in black ink, appearing to read "Steve Lester". The signature is fluid and cursive, with the first name "Steve" and last name "Lester" clearly distinguishable.

Steve Lester
