9a. Who owns the property at the point of diversion? If other than applicant, describe the arrangement enabling the applicant to make this filing.

Point of Diversion #1: US DEPT OF INTERIOR - Verbal agreement

9b. Who owns the land to be irrigated or place of use? If other than applicant, describe the arrangement enabling the applicant to make this filing.

APPLICANT

10. Remarks:

This well was used at the highway rest stop on the south side of I-84 until the rest stop was closed. The well is now controlled by the BLM to provide water for livestock on nearby public land. We want to add a water trough on private land north of the freeway. Bruce Newcomb owns the cattle that will be watered there, while Mark Newcomb owns the private tract. The new trough will reduce environmental damage by spreading the livestock over a larger area. The BLM prefers that we apply for a new water permit rather than going through the transfer process to add the additional place of use to their water right (43-7314).
