RE: Change in Ownership for Water Right No. 65-18236

Dear Mr Crowe:

The Department of Water Resources acknowledges receipt of your Notice of Change in Water Right Ownership filed in May 1998. Our review of your notice indicates that additional information is required before we can process the change. The information required is indicated below:

- X **Evidence of Water Right Ownership:** copy of Warranty Deed, Title Policy, Contract of Sale, or other legal document indicating your ownership of the property and/or water rights in question
- X **Legal Description of Property**

During our review of the documentation you submitted we found some discrepancies between that documentation and the legal description of the place of use for the water right indicated in your notice. The legal description on your Warranty Deed does not match that of the water right. In order to complete the change we will require additional evidence of ownership for the property shown on the water right. I have enclosed a computer report of the water right for your reference with the missing portion highlighted.

Because the Department cannot process the ownership change without proper documentation, we will hold any action on your notice pending receipt of the necessary information. If we do not receive the necessary information **within 30 days** we will return your notice and all attachments and your notice will not be processed.

If you have questions, please contact Kari Lynn Townsend at 208-287-4952.

Sincerely,

Kandice L McDermott
Records Analyst
