RE: Apps For Transfer 72214 (Dairy) & 72217 (Irrigation)

Dear Steve;

In order to finish up my review of your transfers, two issues need to be addressed. Since both the irrigated land in Sec. 27 and the dairy site in Sec. 23/24 have liens against the property, we need letters from the lienholders agreeing to the transfers. The letters should be on their letterhead stationary, and should include notarized signatures from a company official.

With regard to the dairy transfer, it includes the water right for your parents' home. They need to be involved in this transfer in some way, possibly as co-applicants. If this property is owned by the family trust, the trust could be the co-applicant. In any case, we will need a signature from the living trustees in order to proceed with the transfer. Let me know how you want to proceed so that the necessary paperwork can be executed.

Please respond by November 14 so that processing of your application can continue. If you need more time to provide the necessary documents, it can be granted for sufficient cause.

Regards,

Jim
