We have drilled 10 wells, of those, 4 are in production. We are
currently looking for additional supplies of water as the
64 lot subdivision runs low on water in the hot summer
months. We have completed 2 water reservoirs totaling 120,000 gal.

The permit holder(s) has been unable to complete the remainder of the work for the following reasons:

We are concerned that if one of our main wells goes down that
we will be critically short of water. We are meeting with
engineers to try to determine the best place to drill. Est cost \$250,000

Permit holder(s) request an extension to 2-1 2010 For well/pumps/line.
