Subject: Application for Transfer – Luke Farm

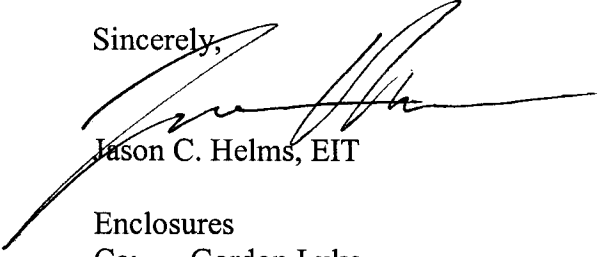

Dear Allen:

Enclosed please find an application for transfer prepared on behalf of Eola and Gordon Luke. The purpose of these transfers is to authorize flexible water management and accurately describe the diversion and distribution system as it currently exists. Additionally, this transfer hopes to correct certain errors related to the SRBA partial decrees which duplicated errors from Transfer #70289 which missed updating the place of use for all rights with the exception of 45-2265.

The eastern and western irrigation systems are currently connected and a system diagram is included showing the well, pump and piping arrangement.

I have included a check for \$1130 to cover the transfer processing fee. If you have any questions or need additional information please don't hesitate to call.

Sincerely,

Jason C. Helms, EIT
