RE: Water Right No. 63-11216

Dear Water Right Holders:

Our office would like to acknowledge and respond to your letter dated September 12, 2005 regarding the above referenced water right. You mentioned in your letter that the properties listed for the points of diversion in the water right were not both a part of your ownership.

We would like to inform you that it is not the point of diversion that should be owned by the water right holder, but rather the place of use. I am enclosing a computer report of your water right, with the place of use listed. If this property is indeed owned by Winemakers LLC, the water right is legitimately yours in whole.

Should you still require changes to be made upon review of this information, please contact Kari Lynn Townsend at 208-287-4952.

Sincerely,
