RE: Renumbering of Water Right

Dear Mr. and Mrs. Crowder:

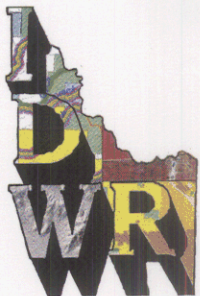

During a routine inspection of water right records maintained by IDWR, it was noted that Water Right 34-10018 – which was decreed to you for domestic and stockwater use within the SE $\frac{1}{4}$ NW $\frac{1}{4}$, Sect. 33, T4N, R39E – is located within IDWR's administrative basin no. 25. The "34" prefix in 34-10018 suggests that the right is located in IDWR's administrative basin no. 34, which is the Big Lost River drainage. To resolve the discrepancy, IDWR has assigned your water right a new number, 25-14176. A printout of your water right with the new number is enclosed for your records.

I have also enclosed a map highlighting (in yellow horizontal bars) the SE $\frac{1}{4}$ NW $\frac{1}{4}$, Sect. 33, T4N, R39E, which is the decreed point of diversion and place of use for your water right. A note in IDWR's database indicates that your water use was established on Parcel RP04N39E334370, which appears to be almost entirely within the SW $\frac{1}{4}$ NW $\frac{1}{4}$, Sect. 33, T4N, R39E. If the decreed place of use and point of diversion for your water right are, in fact, incorrect, you may want to contact the Snake River Basin Adjudication court in Twin Falls about the procedure for correcting the partial decree for your water right. The court's contact information can be accessed on its Internet site is at <http://www.srba.state.id.us/SRBA1.HTM>. If a correction is not possible through the SRBA court, you may also be able to change the record by filing an application for transfer with IDWR. You can obtain a transfer application form by contacting any IDWR office.

If you have any questions, please call me at 208-287-4947, or email me at shelley.keen@idwr.idaho.gov.

Sincerely,

Shelley W. Keen
Water Rights Supervisor
