Gary and Debbie:

Please schedule the above referenced transfers for a combined hearing in late March 2005. Each applicant has protested the other applicants--same issues. They are not interested in negotiating. They also have a civil law suite pending between them and other neighbors.

Please place me as the assistant in the hearing. There are several issues that I am interested in. Sue will send over the files.

Gary, Steve, Dan and I greatly appreciate your time yesterday on the Hansen issue.

John
