RE: Water Right Permit No. 37-08720

Gentlemen:

In a final review of the above referenced permit, prior to the license being issued, we found that the licensing amendment that you signed and submitted on August 30, 2000, did not contain the correct place of use. Upon review of the field examination of Permit No. 37-08702, we found that some of the lands in Section 5 are covered under that water right and should not have been included in the amendment for Permit 37-08720. We have also revised the conditions of approval shown on page 2 of this form. In order to resolve this matter we have prepared a new amendment form for your signature.

Please review this corrected amendment form and if you agree with the changes, sign the form and return it to me for final action. Please return the signed form within 14 days of the date of this letter. I am sorry for any inconvenience that this may have caused you.

If you have any questions regarding this matter, please do not hesitate to contact me at (208)327-7944.

Sincerely,

KAY WALKER
Sr. Water Resource Agent
