RE: Water Right 37-08720

Gooding ID 83330

Dear Mr. Faulkner:

During additional staff review of the proposed license prepared for Right 37-08720 it was determined that we cannot issue the license until we have more information in regard to your water rights.

As we discussed over the telephone on October 30 we need to have the operation plan that you were required to submit pursuant to the Memorandum Decision and Order of May 26, 1993. I have enclosed a copy of this document for your convenience. Please note that I have highlighted the operation plan requirement on page 5 of the Order. I contacted our regional office in Twin Falls to see if you may have submitted the plan to them but they do not have anything in their records either. Please submit your operation plan to this office at your earliest convenience.

If you have any questions in regard to this matter, please feel free to contact me.

Sincerely,

A handwritten signature in cursive script that reads 'Kay Walker'.

KAY WALKER
Sr. Water Resource Agent
