WATER RIGHT NO. 36-15190
As Modified by Transfer No. 71706

CONDITIONS OF APPROVAL

4. Use of water under this right will be regulated by a watermaster with responsibility for the distribution of water among appropriators within a water district. At the time of this approval, this water right is within State Water District No. 130.
5. Prior to the diversion and use of water under Transfer approval 71706, the right holder shall install and maintain acceptable measuring devices, including data loggers, at the authorized points of diversion and in accordance with Department specifications, or shall obtain an approved variance from the Department to determine the amount of water diverted from power records or to maintain an existing measuring device.
6. Prior to diversion of water under this approval, the right holder shall provide lockable controlling works for all authorized points of diversion. The controlling works must be suitable for control of the diversions and acceptable to the watermaster.
7. The right holder shall accomplish the change authorized by this transfer within one year of the date of this approval.
8. Pursuant to Section 42-1412(6), Idaho Code, this water right is subject to such general provisions necessary for the definition of the rights or for the efficient administration of water rights as may be determined by the Snake River Basin Adjudication court at a point in time no later than the entry of the final unified decree.
9. Failure of the right holder to comply with the conditions of this transfer is cause for the Director to rescind approval of the transfer.

This water right is subject to all prior water rights and shall be administered in accordance with Idaho law and applicable rules of the Department of Water Resources.
