RE: Ownership Change form

An ownership change form was received by our office April 2, 2003, with WR # 61-7405A listed. In reviewing the ownership change, it was determined that the water right number given may be incorrect, and an alternate WR was found which matched the property on the customer's legal description. A letter was sent to the customer asking to verify the WR # and she confirmed the discrepancy. Attached is a copy of the ownership change form that was returned to us, with the correct WR number added. All documentation regarding this o/c can be found in that file.

6. If the change in ownership affects the entire water right for each water right or adjudication claim number listed in item 1, THEN SKIP THIS ITEM AND GO TO ITEM 7. If the change in ownership divides the water right(s) among multiple owners, you must describe, in detail, your portion of each water right after the change. Fill in the appropriate spaces in the box(es) below to describe your water right(s) after the change (one water right per box, you may copy this page as necessary). If your quantity of water is greater than a proportionate split, you must attach documentation to show justification for a larger amount. If you are not sure how to identify your portion of the original water right or adjudication claim records, please contact the nearest IDWR office for assistance.
