RE: Change in Ownership for Water Right No. 61-7405A

Dear Ms. Pentico:

The Department of Water Resources acknowledges receipt of your change in ownership which was filed in March 2003. The water right number listed on the ownership change form is 61-7405A. However, the legal description on your deed does not match that of the place of use for this water right. In further researching the matter, we have found another water right, 61-2151J, which appears to match your property more correctly. I have enclosed a computer report on this water right for your information.

In order to proceed with the ownership change, we will need you to verify the water right number according to your records. Enclosed is your original ownership change form. Please make any correction necessary to the water right number and return the form to us as soon as possible so we may continue with the ownership change process.

If you have any questions regarding this matter, please contact me at 208-287-4962.

Sincerely,

A handwritten signature in black ink, appearing to read 'Kandice McDermott', with a long horizontal flourish extending to the right.
