RE: Transfer 70582 on water right 13-2312

Dear Sirs:

An application for transfer of decreed water right 13-2312 to add a point of diversion was received on March 21, 2003. On March 23, 2003, Mr. Keith Lloyd came into the office and wanted to change the point of diversion to an existing well in the NESW (Lot 3) Sec 24, T09S, R39E. At that time Mr. Lloyd requested that he wanted an agreement with the well owner prior to proceeding with the transfer. On May 6, 2003, Mr. Lloyd called and requested that the department process the original transfer adding a point of diversion to the SWSW Sec 24, T09S, R39E.

Several attempts have been made to obtain additional information that is required to process transfer #70582. As of the date of this letter the following additional information has not been received for the NENW (Lot 1) Sec 25, T09S, R39E:

1. Proof of ownership of the property (copy of last year's tax notice)
2. Lease agreement or easement or disclaimer.

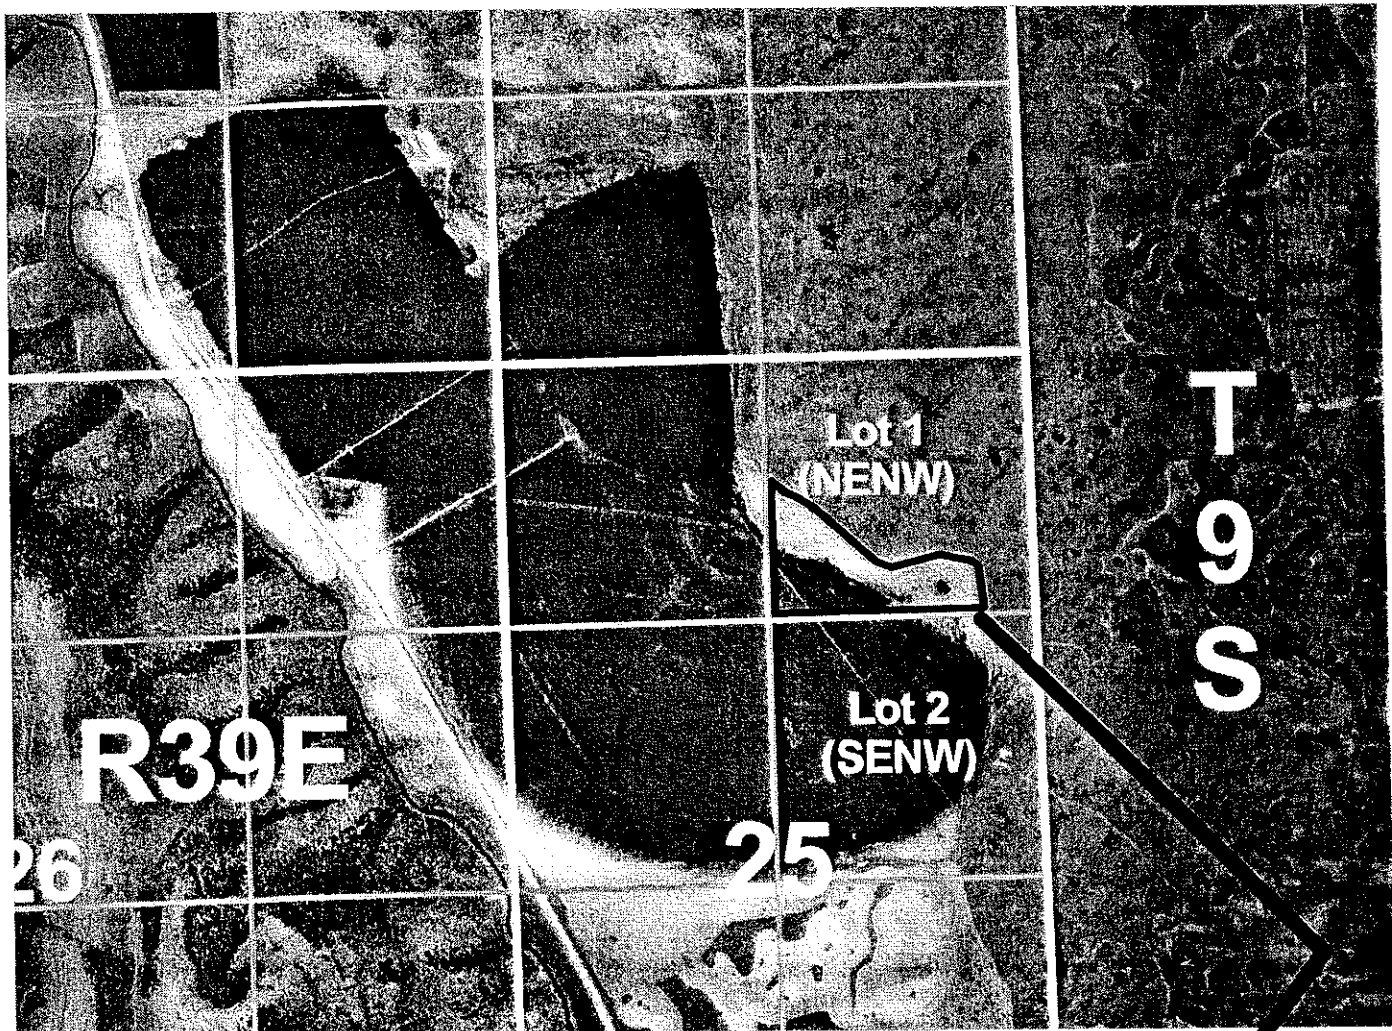

Note: The NENW (Lot 1) Sec 25, T09S, R39E, is currently owned by another individual (see attached map.)

The Department will hold further processing of your application for 30 days to allow submittal of the required information. Additional time may be granted by the Department upon receipt of a written request and sufficient justification for an extension. After that time, if adequate information is not received, the Department will issue a preliminary order to reject or deny the application.

Sincerely,

Keith C. Wilson
Senior Resource Agent
