Re: Evaluation of Sufficiency of Information Submitted

Transfer proposes adding a second well, already drilled, to a decreed domestic and stockwater right. The applicant wants the option of using both wells, if necessary, so is not abandoning the original well, even though it is no longer producing dependably. The transfer also changes the ownership from the Prudek Brothers to Rudy Prudek. The place of use and points of diversion are located approximately 1.5 miles east and 1.0 mile north of Castleford.

- Authority to File:

A Warranty Deed was submitted that conveys the property from Jake and Rudy Prudek to Rudy Prudek only.

- Water Right Validity:

The base right for the transfer was decreed in the SRBA in May of 1999.

- Injury to Other Water Rights:

None anticipated.

- Enlargement of Use:

None anticipated.

- Local Public Interest:

No negative impacts anticipated.

- Beneficial Use/Conservation of Water Resources:

Proposed use is recognized as a beneficial use of water.

Review of the application finds there is no clear inconsistency with criteria set forth in Section 42-222 Idaho Code preventing processing of this application.
