**PROOF ACKNOWLEDGEMENT LETTER**

**RE: PERMIT NO. 35-8024**

Dear Permit Holder:

The department acknowledges receipt of the proof of beneficial use ("proof") form and examination fee submitted for the above referenced permit. Enclosed is an order reinstating the permit advancing the priority date since proof was submitted after the proof due date.

The next step in the process of developing a water right is for the department to conduct a field examination to determine and confirm the use of the water. The regional office staff will contact you when that examination is to be conducted. At the time the examination is conducted the system must be in operation, otherwise this permit will be of no force nor effect.

Be advised that Section 42-248, Idaho Code, requires you or the owner of these water rights to maintain current ownership and address records on file with the department. Forms to file a change of ownership of a water right and/or a change in the address of the water right owner are available from any department office.

If you have any questions, please contact the **Eastern** Regional Office of the department in Idaho Falls (208) 525-7161.

Sincerely,

Deborah J. Gibson  
Administrative Assistant  
Water Allocation Bureau

Enclosures

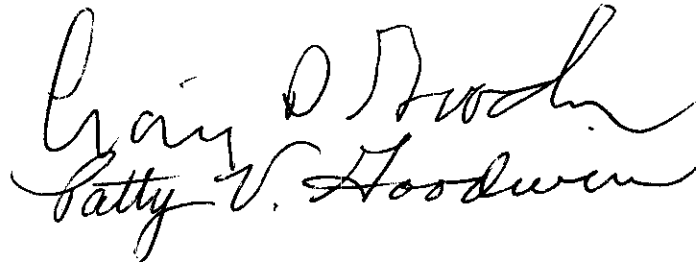

c: IDWR - Region (w/encl.)

Dear IDWR,

June 30, 2005

In 1990 we bought the farm from FHA and my brother Scott Vail. The farm report and appraisal showed the water rights and 6.4 cfs. Recently a search was done which indicated that the permit had lapsed and the cfs for irrigating was not sufficient. We believe this was because Scott's address had changed and they were unaware of the problem. He moved from the farm in 1988 and it was returned to FHA due to financial crisis. We appreciate your help and understanding in helping us reinstate the permit.

Sincerely,
