Re: Fitzgerald Property in Valley County, Idaho
MTBR&F File No. 15-798.0

Dear Ms. Townsend:

I represent Mr. and Mrs. Larry Fitzgerald, who own several parcels of land in Valley County, Idaho. The parcels, including water rights, were acquired in several transactions in the 1990's. My clients were unaware of the need to alert the Idaho Department of Water Resources to this change in ownership until recently when they happened to receive a copy of the partial decrees associated with some of their land.

As you can see from the enclosed paperwork, the water rights in question are located in Sections 4 and 9 of T11N, R4E. For your convenience, I have prepared two packets of material one relating to the water rights in Section 4 and one relating to the water rights in Section 9. The packets each include a completed application form referencing all known water rights associated with the Fitzgerald's ownership in that section; a map prepared by my office; the deeds; and information from the county assessor including a map and data sheets. Based on my conversations with members of your staff, it is my understanding that all the necessary documentation is included within these packets.

In addition to the above information, a check in the amount of \$125 is enclosed to cover the required filing fee of \$25 each for the five water rights. If you require additional information or if you have any questions, please do not hesitate to call me at 385-5347.

Very truly yours,

Stephanie A. Balzarini
