Re: Timothy Deeg – Application for Amendment of Permit nos. 41-7076 & 41-7081

Dear Mr. Foster:

This letter acknowledges receipt of two original applications to amend permit nos. 41-7076 and 41-7081 in the name of Timothy Deeg at the state office of the Idaho Department of Water Resources (IDWR). I will send the applications to IDWR's Southern Regional Office for publication and processing.

You filed the applications to amend on behalf of Timothy Deeg without any indication of how they may relate to a requested hearing for a preliminary order issued for application for transfer no. 71132. The hearing was requested because the preliminary order determined and limited components of permit nos. 41-7076 and 41-7081 when the permits were not the subject of the contested case hearing. A subsequent order set a deadline for filing amendments, and also requested a timetable for scheduling the requested hearing.

Because you have not yet submitted a proposed schedule for the requested hearing, I assume IDWR should process the amendments prior to scheduling the hearing. If you disagree, please propose an alternative schedule in writing, served on the parties to transfer no. 71132.

Sincerely,

Gary Spackman
