RE: Applications to Amend Permits Nos. 41-7076 and 41-7081

Dear Mr. Skinner:

We are writing this letter to confirm our telephone conversation in which we advised you that the points of diversion for the Applications for Amendment of the above referenced Permits should conform to the Application for Transfer number 71132. That is, as we understand it, all three wells in the SWSE, Section 6 T9S., R31E., as the same are shown on the transfer application and the map accompanying it, should be the same points of diversion for the applications for amendment for the two permits. Thank you for your assistance with this matter. If we may provide additional information, please feel free to call upon us at your convenience.

Yours very truly,

Kent W. Foster
