6. kwalker 9/7/2005 Point of Diversion

Comment: While doing the arc view for this permit I found the point of diversion to be located in the (Lot 6) SWNENE , Sec. 6 rather than (Lot 6) SWNE, Sec. 6. The diversion point falls within a government lot which was included on application and in advertising so I recommend we approve this application with correction described above.

Application falls within Salmon Clearwater & Wilderness moratorium areas along with Wild and Scenic area for Salmon River. Use is de minimus so can process.
