**Re: Transfer 71666**

Dear Pancheri's,

Please find enclosed a map outlining areas involved in the above referenced transfer application. As discussed on the telephone, I have included a map showing the proposed pivot irrigation locations and the wells and surface water diversion locations (my best guess). I require you to either verify that indeed these are the locations for the diversions or mark where they are otherwise and return.

All other aspects of the application preparation have been completed. I only await your verification before finalizing for advertisement.

Please call me if you have any questions.

Sincerely,

W. Roger Warner  
Water Right Supervisor – Eastern Region
