RE: Permit No. 77-7245

Dear Water Users:

The Department of Water Resources is reviewing the above referenced permit prior to issuing a water right license. By issuing a license, the Department confirms that a water right has been established in compliance with the terms of the permit. We have noticed that you may be the current owner of this water right permit since you are the claimant of record in the Snake River Basin Adjudication (SRBA). Enclosed, for your information, is a water permit report of the permit as it is now recorded in our records.

This permit is currently in the name of John F. Drew and we need to have an assignment of this permit from him, to you, in order to change the name. In Idaho a permit is considered personal property and in order for us to change our records we require an "Assignment of Permit" form along with a \$25.00 filing fee.

We will request that this permit be amended so that the actual point of diversion and place of use can be licensed. Enclosed is an amendment of the permit that will allow us to license this right as determined by our field examiner. If you cannot locate Mr. Drew and wish to submit the licensing amendment, we can accept your signature on the form. The filing fee for the licensing amendment is \$50.00. The license will then be issued in Mr. Drew's name and can be changed to your name through the SRBA process.

Please submit all documents you wish to submit in regard to this permit within the next thirty (30) days. If you have any questions in regard to this matter, please do not hesitate to contact me at (208)287-4953.

Sincerely,

KAY WALKER
Sr. Water Resource Agent
