Re: Permit No. 63-31599

Dear Mr. Vermeer:

The department received your Proof of Beneficial Use ("proof") for the Permit to Appropriate Water ("permit") no. 63-31599 on July 2, 2004. However, during my review of your proof, I found that it does not match the uses authorized by the permit. Therefore, enclosed with this letter are copies of your water right permit no. 63-31599 and the proof you filed with the department.

Permit no. 63-31599 authorizes the following uses: stockwater for 212 dairy cattle and 82 range cattle, and commercial use for an existing dairy operation. It does not cover domestic use or stockwater for 1200 dairy cattle. You may wish to refer to your three adjudication decrees (63-28988, 63-28989, & 63-28990), they also cover water uses associated to your dairy.

I have enclosed a blank proof form for your use in completing and filing with the department as an amended proof according to the uses you have developed, as authorized by the permit. Please return the amended proof to my attention.

The department acknowledges receipt of the \$100.00 license exam fee for permit 63-31599.

Contact me at (208) 287-4942, if you have any questions.

Sincerely,

Deborah J. Gibson  
Administrative Assistant  
Water Allocation Bureau
