

45-13852 Pre Permit Exam Photo
August 25, 2005

Marsh Creek

Panoramic view of area involved with Application for Permit 45-13852 on August 25, 2005. Note construction of sediment catch basins is already started, but water not yet being diverted into the catch basins. The proposed point of diversion is an existing irrigation point of diversion currently identified on the recently decreed Six S Ranch Marsh Creek rights.
