5. kwalker 6/2/2005 Points of Diversion

Comment: Region failed to enter 2 wells located in NENE as described in application.

Added 2nd well to description of this right when updated arc view - both included under Rt. 25-13984.

6. kwalker 6/2/2005 Permit Review

Comment: Application falls within ESRPA, Bonneville Jefferson GW District and the non-trust water area. Applicant has submitted a mitigation plan which appears to cover any consumptive use under this right. Application filed by Timberview Properties but subdivision map shows Timberline Estates as subdivision name. Recommend approval.
