

MEMORANDUM

Date: July 29, 2005
To: Water Right File 63-9807
From: eretelle
Re: license review

Irrigation season adjusted to standard.

Amendment needed for addition of acres in the NESW - P47 letter if not amended

Overlap with 14 acres of 63-361 from Warm Springs Creek.
 $55 \text{ acres (63-361)} + 20 \text{ acres (63-09807)} - 14 \text{ acres (overlap)} = 61 \text{ acres}$
 $61 \text{ acres} \times 0.02 \text{ cfs} = 1.22 \text{ cfs}$
 $61 \text{ acres} \times 4.5 \text{ af} = 274.5 \text{ af}$

See attached PoU comparison.

63-361 is licensed and claimed the same in the SRBA.
63-9807 is claimed as permitted, but is being licensed differently per the field examination.

These 2 rights have also been evaluated for entry into the Water Supply Bank.

The 14-acre overlap between these 2 rights appears to be the same in either case (whether 63-9807 is decreed in the SRBA as claimed, or as licensed).
