

MEMORANDUM

Date: August 10, 2005
To: Water Right File 67-7403
From: eretelle
Re: license review

irrigation season adjusted to standard.

diversion rate $0.02\text{cfs} \times 43.9\text{ acres} = 0.878\text{ cfs}$ or 0.88 (not sure why FE has .89 cfs)

Overlap with SRBA claims. Conditioned to be cancelled if decree of the SRBA claims makes this right redundant.
