CONDITIONS OF APPROVAL

1. Use of water under this right will be regulated by a watermaster with responsibility for the distribution of water among appropriators within a water district. At the time of this approval, this water right is within State Water District No. 67.
2. The right holder shall maintain a measuring device and lockable controlling works of a type approved by the Department in a manner that will provide the watermaster suitable control of the diversion.
3. This right does not grant any right-of-way or easement across the land of another.
4. This right when combined with all other rights shall provide no more than 0.02 cfs per acre nor more than 4.0 afa per acre at the field headgate for irrigation of the lands above.
5. Some or all of the water use authorized by this right is claimed with an earlier priority date on Snake River Basin Adjudication Claim Nos. 67-4069 and 67-89B. If one or both of these claims are decreed as they are claimed, then this right shall be eliminated or reduced by the amount necessary to avoid redundancy of water rights.
