SUBJECT: Phone conversation with John Coremanic, Attorney for District

I returned a call to John (208-466-9272). He was wondering about getting the applications corrected in light of Jeanie's comment about the new well being in the wrong legal. I told him to send a notarized letter requesting the change. I reviewed the advertising and we advertised generally so it should not require re-advertising but would require a change in any approval if we believe the GPS data to be correct instead of the digitized location. Note the well is very close to the line between lot 6 and lot 7.
