RE: Deleting a name on Water Right Ownership due to Death

Enclosed is the document you require to change the Water Right Ownership on 4 Water Right Numbers.

Mrs. Evelyn J Little, mother of W. Robert Little, passed away on December 18, 2002. (See enclosed copy of the Death Certificate.) Evelyn and her son, Robert, were partners for a Ranching operation called Walt Little Ranches. Evelyn left no Last Will and Testament. The properties, which were in this operation, have been split between Rob and his siblings, William E Little and Anne Roberts.

W, Robert Little gained full ownership to the ranch which is located in Washington County, North Crane. The official address of this property is 633 Big Flat Road, Midvale, Idaho. The Water Right Numbers which are listed on the first page of this application, belong with the ownership of this property. You will find a copy of the QuitClaim Deed for this property. The official date will be found on the Deed. It has since been recorded at the Washington County Courthouse, in Weiser, Idaho. The Instrument Number is 191221.

In addition, I have enclosed a copy of the Affidavit of Walter R Little, so that you are aware of the fact that he legally uses more than one variation of his given name for business purposes.

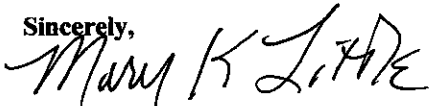

The last document copy enclosed is an Assignment Document, in which Robert's siblings release any right to the BLM and State Grazing Leases, which are included in the Washington County property.

A check for the total fee of \$100 for the name change to be W Robert Little and Mary K Little on these 4 Water Rights is also contained herein.

Please advise us if anything else is needed.

Thank you for your help in this matter.

Sincerely,

Mary K Little
