WATER RIGHT NO. 36-7497
As Modified by Transfer No. 71883

CONDITIONS OF APPROVAL

1. The total instantaneous diversion of water from all points of diversion under Right 36-7497 shall not exceed 0.05 cfs, nor a total combined volume of 13,000 gallons per day.
2. Use of water under this right will be regulated by a watermaster with responsibility for the distribution of water among appropriators within a water district. At the time of this approval, this water right is within State Water District No. 130.
3. Pursuant to Idaho Code Section 42-701(1) (2003), the holder of this right may be notified by the Department of the requirement to install and maintain one or more lockable devices for all authorized points of diversion. The lockable devices, if required, shall be of a type acceptable to the Department and installed in a manner that will provide the watermaster suitable control of the diversions.
4. The quantity of water decreed for this water right is not a determination of historical beneficial use.
5. This right, when considered with all other rights common to the same grazing allotment, is limited to the quantity of water beneficially used by the number of stock within the allotment.
6. This right is associated with BLM Record ID 3605488175.
7. The right holder shall accomplish the change authorized by this transfer within one year of the date of this approval.
8. Failure of the right holder to comply with the conditions of this transfer is cause for the Director to rescind approval of the transfer.
9. Pursuant to Section 42-1412(6), Idaho Code, this water right is subject to such general provisions necessary for the definition of the rights or for the efficient administration of water rights as may be determined by the Snake River Basin Adjudication court at a point in time no later than the entry of the final unified decree.

This water right is subject to all prior water rights and shall be administered in accordance with Idaho law and applicable rules of the Department of Water Resources.
