Re: Resubmittal of Hawker Transfer Application

Dear Cory:

Please find the enclosed Applications for Transfer of Water Right resubmitted on behalf of Rick and Sharon Hawker. Hawker is proposing to transfer water rights 45-2444B and 45-11164 from a supplemental ground water irrigation right and convert the rights for a primary stockwater use. We apologize for the former submittal of this transfer. It seems that the seller of the right to Hawker was not completely forthright regarding the old irrigation system. Therefore, we are resubmitting this new transfer after careful evaluation of all the available data. Please refer to the attached narrative for an explanation of the analysis undergone for this transaction.

I have also included a check for a total of \$250.00 to cover the costs of the transfer fee. If you have any questions regarding the transfer or the related documents, please feel free to give me a call.

Sincerely,

Daren T. Nelson.
