RE: Corrected App For Transfer 71435

Dear Mr. Jones;

The proposed water transfer was prepared in consultation with Clear Lake Country Club in order to make several changes to their water rights. They were originally the sole applicant. But the transfer also changes the place of use for your remaining irrigation water to just the land under your control, so we need to have you as an applicant also in order to protect your interest in this matter. Please review the application; if it is acceptable, it should be signed before a notary and returned to this office for processing. If you have questions or comments, feel free to contact me.

Regards,

James E. Stanton
Sr. Water Resource Agent
