From: Corey Skinner
Re: Evaluation of Sufficiency of Information Submitted

Transfer application filed to change the point of diversion for three water rights currently diverted from Morgan Creek (water district 72F) and used to irrigate land located along the east side of Highway 93 approximately 7.25 miles north and 2.6 miles east of Challis. The application proposes moving the point of diversion from Morgan Creek approximately 310 feet upstream in order to eliminate fish barriers.

- **Authority to File:**
IDWR records show the applicants are the current owners of the rights involved with the transfer.
- **Water Right Validity:**
The rights involved in the transfer have all been decreed in the SRBA.
- **Injury to Other Water Rights:**
None anticipated. No points of diversion exist on Morgan Creek between the current and the proposed point of diversion.
- **Enlargement of Use:**
None anticipated.
- **Local Public Interest:**
No negative impacts anticipated. Application filed to help make diversions more fish friendly.
- **Beneficial Use/Conservation of Water Resources:**
Proposed use is recognized as a beneficial use of water.

Review of the application finds there is no clear inconsistency with criteria set forth in Section 42-222 Idaho Code preventing processing of this application.
