RE: CHANGE OF OWNERSHIP - JACKSON TO EAGLE VALLEY RANCH LLC

I spoke to Scott Eskelson today about the attached *Change in Water Right Ownership* for his client Eagle Valley Ranch LLC. I have also attached receipt C075423 for \$375.00.

Partial decrees have been issued for six of the numbers on his list (74-4032 through 74-4037) disallowing the claims. He understands that we will not be changing ownership on these records, and has requested a refund for these fees.

Five of the numbers on his list (74-4028 through 74-4031) refer to water rights that have been decreed by the SRBA Court. Mr. Eskelson paid fees for these under C075423. *+ 74-10175 RB*

One of the numbers on his list, 74-7388, refers to a permit. Mr. Eskelson will download an assignment form from our website and submit it separately. He understands there is a \$25.00 fee for this process, which he has already paid under receipt C075423.

The three remaining numbers on his list refer to SRBA claims: 74-185, 74-453 and 74-723. We will be changing ownership on these claims, along with 74-186, which he neglected to put on the list. Fees for this process will also be refunded.

I will be requesting a refund of \$225.00.
