Re: phone call

I called Richard Smith, homeowner association president, today to alert him that this permit was soon to be voided pursuant to my October 18, 2004 letter which gave 120 days to respond. Mr. Smith replied that the intention is to install the measuring device to comply with the permit as soon as the snow melts. I asked for that intention in writing within a week including an estimate of when the measuring device will be installed. I will set the file for call-up accordingly.
