

Department of Water Resources
222 Shoshone Street East
Twin Falls, Idaho 83301

We the Undersigned protest to any and all transfers of water right No.45-02526 as described in the South Idaho Press on Thursday May 17, 1990. To the pumping of the new well in S-31, T-12S, R-23E, and to the drilling of another new well in S-20, T-12S, R-23E by Lambert Produce.

The reason for this protest is the effect these new wells will have on the water table that supplies all the existing wells in the area. The drilling and pumping of these new wells will put five wells pumping within a mile radius, thus reducing the water to all the existing wells of the undersigned.

We understand that the Department of Water Resources is very busy and has loads of paper work at this time, but we feel it is critical to the Oakley Valley and those neighboring Lambert Produce, if action is not taken to support our protest against Lambert Produce.

Sincerely the Undersigned

Sincerely the Undersigned

R. Trent Anderson
